

Origem Inner Core REFERENCE CT3452

DESCRIPTION

There is something about life that blossoms unexpectedly through the brokenness of the rocks, manifesting unlikely beauties that sparkle amidst the chaos. This persistence of nature facing the changes of the ecosystem gives us hope and shows us how persistent life is. It exhibits the true meaning of resilience through the ability to face uncertainty, seeing it as an opportunity for transformation and evolution to a new state, giving rise to new forms of life. Inspired by this symbolism emerges the Origem collection that contemplates the embracing of the improbable, appreciating beauty without denying chaos, originating life and light in the unexpected.

Designed and produced by hand in Portugal.

Serip reserves the right to make changes or improvements at any time it deems useful to guarantee the highest quality standards for its products.

Hand-finished, some variations may occur.

All the glass models are designed by Serip and exclusively handmade produced, establishing a unique and prestigious feature of the glass handwork art. For this reason, there is the possibility of variation in measures, weight, colour and shape represented.

CARE INSTRUCTIONS

Due to the nature of our exquisite hand applied finishes, wipe clean with a soft, dry cloth or static duster must be used to clean the fixture.

Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.

Cleaning is limited to the outer surfaces, shades or glass. It is important to ensure that no moisture enters the terminal compartment or reaches any live parts.

As our products are subject to technical modifications, we cannot guarantee, that all information is always up to date. Please contact our [technical department](#) with any queries.
