

Barovier&Toso

VENEZIA 1295

TRIM

Questa collezione attinge dall'archivio delle grandi installazioni realizzate da Barovier&Toso negli anni '60 e '70 attraverso la moltiplicazione e ripetizione di elementi modulari a canne o a poliedri, lisci o arricchiti dalle tradizionali lavorazioni muranesi. L'elemento esagonale realizzato con l'antica tecnica detta "ghiaccio" genera volumi sferici che perfettamente si integrano nell'architettura degli spazi diventandone quasi un'estensione. La posizione dei moduli può essere personalizzata al momento dell'installazione secondo il proprio estro: un ordine simmetrico e regolare oppure una forma disordinata.

The collection builds on the archive of large installations made by Barovier&Toso in the 1960s and 1970s, multiplying and repeating modular elements, simple or polyhedral, smooth or enhanced by traditional Murano workmanship. The hexagonal tube made with the age-old "ice" technique generates spherical volumes that fit perfectly into the architecture of spaces, almost becoming its extension. According to your own creativity, the position of the modules can be customized during installation into a symmetrical and conventional order or into a messy shape.
